The Paradise World of Beauty And Academy

Welcome from the Academic Dean

I'm delighted to welcome you to the Paradise World and Professional Academy of beauty prospectus. I hope you as an employer or beauty care professional will be inspired to choose one of our courses.

The Academy is the highly successful multi-professional education centre, situated in the holy town of Kangra near Dharamshala in Himalayas, boasts state of the art education facilities including advanced tools, video conferencing, extensive IT, an excellent multi-profession Library as well as a full range of education rooms, beauty skills lab and lecture theatres.

“ Dreaming is passion..
Passion is creativity..
Creating is learning..
Learning is progress..
Progress is YOU.
And we make YOU Prosper ”

I tried, to bring back the hope in weary eyes, beauty in cynical faces, and a glow in jaded halos.

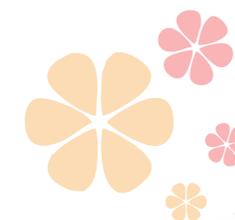

It was two decades ago that I entered the delicate terrain of other's dreams. I tried, in my own little way to usher in the mantra of 'look good, feel great'. Nothing gave me a bigger high than to see the glow on a patron's face who, a couple of months ago came to me dejected, dismayed and with zero confidence.

My dedicated team went to task, re-sculpted the persona and today the same Person has an attitude and is all set to go out, be with friends, experiment with life, wear clothes that accentuate the body beautiful and face life with a whole new energy.

A new karma, it is with wings set to fly that I have set up this institution. The idea is to see the same glow, the same positivity.

I welcome you to Paradise Training School of Meditative Beauty with a humble hope that we can once again bring back smiles.
